

# Just the Same

Big Gigantic

We just the same  
We just the same  
We just the same  
We just the same

I'm from Crook County 26 and Cali barrio  
East side of Woodlawn, a long way from Thousand Oaks  
States attorneys jump on niggas heads like Mario  
Fallin' in the school of prison pipeline like dominoes

Cliff diving out the G-Wagon yelling Geronimo  
High fashion, Imma keep swaggin' out on these model hoes  
It's my Milano flow. Vacation in Monaco  
I could be moving snow, man. That'd be abominable

Instead I'm a hot boy like Juvie in '98  
Set the record straight, I ain't never been signed to Ye  
Bitch I'm from the rec. I keep a heater that radiate  
Gucci shades, so fly, I feel like I could aviate

RIP to Nate Dogg a nigga still gotta regulate  
I oughta up my weight class, I could clash with the heavyweights  
They know how I move 'cause I'm tried and true  
Respected, tested, etcetera nigga how about you?

We just the same  
We just the same  
We just the same  
We just the same

10 toes down till 10 toes broke, we bubbling like Mentos in Coke  
I can't really manifest, hopefully more intentional with it  
Usually come up flat thinking two dimensional  
Did it ever occur that maybe we wouldn't fold?  
My niggas been sipping starch, we sensitive about our art  
It's bigger, blacker and bold  
They figured this shit like darts  
As long as I stay on point. As long as I make my point

This ain't no roll of the dice  
10-4. That's understood  
I need the most out of life, I need the most out of me  
I get the most out of my pen  
They kill you worse with the ink  
They killin' us murder inc. The fuck these niggas think?  
We wouldn't cop the Montblanc then take it back to the block  
And learn this shit with my friends  
2004 Matt LeBlanc  
2002 chardonnay  
I'm off that Pepe Le Pew  
Still Kobe we shoot the fade  
Only success in my views  
I see that in my rear-view  
My niggas just right behind us  
Could be, could be ahead. My nigga pick up your head  
My nigga

We just the same  
We just the same  
We just the same  
We just the same
