

# Keep On Falling

Big Gigantic

A little right, a little wrong  
A little bite, a little longer

Neon bleeding 4 AM for you and I  
Keep on listening to the city skyline  
Late at night we're moving up inside the high  
You and I, you and I

I keep on falling  
Don't let me fall out of your view  
I keep on falling  
I guess I can't keep up with you  
I keep on falling  
I cut my senses tryna prove  
I keep on falling, keep on falling

Blurry lines, don't wanna see clear  
The sun will rise but we'll still be here

Neon bleeding 4 AM for you and I  
Keep on listening to the city skyline  
Late at night we're moving up inside the high  
You and I, you and I

I keep on falling  
Don't let me fall out of your view  
I keep on falling  
I guess I can't keep up with you  
I keep on falling  
I cut my senses tryna prove  
I keep on falling, keep on falling
