

# Moonlight

Big Gigantic

We said we didn't know how to feel  
But we were livin' high, livin' high  
You said you didn't want anything real  
But it was in your eyes, in your eyes  
Drivin after midnight  
Chasin' down the moonlight  
You said you didn't know how to dream  
But you would live in mine, live in mine

Don't let me forget  
That love could be just like this  
Don't let me forget  
The days of California sunsets  
Feels like yesterday  
Your hands on my face  
Don't know where you been  
Or if you changed but  
Don't let me forget  
That love could be just like this

We said we didn't know how to feel  
But we were livin' high, livin' high  
You said you didn't want anything real  
But it was in your eyes, in your eyes  
Drivin after midnight  
Chasin' down the moonlight  
You said you didn't know how to dream  
But you would live in mine, live in mine

Don't let me forget  
That love could be just like this  
Don't let me forget  
The days of California sunsets  
Feels like yesterday  
Your hands on my face  
Don't know where you been  
Or if you changed but  
Don't let me forget  
That love could be just like this

That love could be just like this

Feels like yesterday  
Your hands on my face  
Don't know where you been  
Or if you changed but  
Don't let me forget  
That love could be just like this

(Don't let me forget)

(Don't let me forget)

(Days of California)
