

Supergiant

Big Gigantic

Who ready for this hard bass
Claim you don't love me yet I'm always (on your mind)
Who got another head bop
Who pull up with the hits for your head top
Who dancing by the strobe light whole night
Wanna take me home like a low price
Better save money for the paid dues
Make money don't let the money make you

Change up

Hol Up
Lemme introduce you to the groove
Smooth shea butter plus in the nude with my boo
Fuck moving timid like driving school
Students both hands on the wheel at 10 to 2
Let me thru
Lotta dudes coming to the rescue (rescue)
Tryna find somebody to Compare to, fear who?
I ain't nowhere near you tier two spittle
I ain't never had a need for a rearview mirror

Now

They getting heated cause I'm so cold
Showboat with it
Slo-mo with it hmm hmm
Shawty bounce it on me like a pogo with it
Bet somebody pay a bag for this go pro footage
I'm low low
Tone Loc with it
I'm big dog jigsaw
On road with it
I'm right around the corner with it
I'm 7"2 Bol Bol with it
You don't know bout it
Gotta make a nigga sing
Wake up in the morning like a star
Feeling like the sun baby
Feeling like the sun baby

Gotta make a nigga sing
Wake up in the morning like a star
Put the sun to shame baby
Put the sun to shame baby

Black boy magic
Durag dancing in the wind like a dragon with its wings or the carpet on Alad
din
Plant an orchard
Where they sprinkle my ashes
I remember I was just a footnote asterisk
Now there's hellas options on the table like tapas
Flood the whole game
I told em don't sleep on the wave
Now they wide awake asking what happened?
How you feel
Fly as fuck all day

Mama keep me prayed up while I'm laid up in the shade
How you feel?
Hating on the wave
Can't you see we major see you later baby
Singing like
Aye ayo ayo ayo
Ah ah ah
Have you coming back to me
