Big Head Todd and the Monsters

Fear, greed, and ignorance
Is driving you
America
Off the edge of the road
Off the edge of the road
Edge of the road
Off the edge of the road

Land that once stood so proud

Is driving you
America
Off the edge of the road
Off the side of the road
The side of the road
Off the edge

Our forefathers threw tea into the Boston Harbor
Our forefathers threw tea down into that sea
Now common sense, intelligence

It is a throwaway thing

Fear, greed, and ignorance
Is driving you
America
Off the edge of the road
The side of the
Off the edge of the
Side of the

Social justice, equality
Everybody's responsibility
To care for the homeless
Lift up the poor
Educate the young ones
That's America's chore

But fear, greed, and ignorance
Is driving you
America
Off the edge of the road
Off the edge of the road
Off the edge of the road
Off the edge of the road
Off the edge of the road
Off the side
Off the side
Off the side
