

## I Get Smooth

Big Head Todd and the Monsters

I get smooth when I've been drinking  
I get smooth when I've been  
I mesmerize ya  
Philosophize ya  
I spiritualize ya  
I keep you flying  
'Til the sun's a-rising  
I get smooth  
I get smooth  
I get smooth

You get mean when you've been drinking  
You get mean when you've been  
You cut me down  
You criticize me  
You try to ride me  
You analyze me  
Undersize me  
Oh, you're so cruel, girl  
You rile me  
You get mean  
You get mean  
You get mean  
You get mean

I can tell by the way that you're tilting your head  
Tell by the way that you're slapping your leg  
Talk like your upper lip is made of lead  
I love it when you shake it till you're cherry red

I get smooth when I've been drinking  
I get smooth when I've been  
I take your blues  
And work em' out  
I gently whisper  
Don't need to shout  
Don't have to push  
When I can slide  
Drive so smooth girl  
You need to ride it  
I get smooth  
I get smooth  
I get smooth  
You get mean  
You get mean
