

## Best Side Of Me

Big K.R.I.T.

I just wanna see, I just wanna see, I just wanna see  
The best side of me, the best side of me, the best side of me  
It's just so easy to be, I'm just so easy to be  
A motherfucking P-I-M-P  
I know it's hard on you shawdy, hey, I know it's hard on you shawdy

Hey, I met ya on a bright summer day and it was cool  
I thought you was fly and you thought I was rude  
And you had you a dude, but he wasn't around  
You liked a nigga's swag so you wrote your number down  
We jumped our friendship off right  
On the phone all day and all night  
You told me you was feeling me, digging me  
Seeing a connection with our signs and our energy  
Askin' if I ever hurt a girl and if I would  
I told you I never, ever cheat if I could  
I could tell you was down, not the type just to cut  
Yea, your boyfriend cheated cause you wouldn't give it up  
Now I know you was testing me, seeing if I'm playin'  
When you ask me 'bout marriage, I know just what you're sayin'  
I'm cool with the choices and decisions that you make  
I feel ya, so shawdy, hell yea I can wait  
But baby girl

I just wanna see, I just wanna see, I just wanna see  
The best side of me, the best side of me, the best side of me  
It's just so easy to be, I'm just so easy to be  
A motherfucking P-I-M-P  
I know it's hard on you shawdy, hey, I know it's hard on you shawdy

Now I ain't really trippin' when you going through my clothes, and you  
u seeing all these numbers in my phone  
And you ain't go to trippin' when I left the after party and I told y  
ou that I wasn't comin' home  
Hey, now I don't go to trippin' when you talkin' to your girls, have  
them follow me around like a witness  
Now she blowin' up my phone, she ain't never kept a nigga, puttin' he  
r 2 cent all in our business  
But I can see your concern cause I ain't actin' like I used to  
I don't wanna talk cause I knowin' I confuse you  
Love you baby girl but I don't think that I can budge  
Ya ask me if I like it every time you see a tux  
Your momma think I'm nice but your daddy hate my guts  
I only care for you, so I don't really give a fuck  
Some days I can stay, some days I can leave  
I think you a blessin' from God  
But baby girl

I just wanna see, I just wanna see, I just wanna see  
The best side of me, the best side of me, the best side of me  
It's just so easy to be, I'm just so easy to be  
A motherfucking P-I-M-P

I know it's hard on you shawdy, hey, I know it's hard on you shawdy
