

## Mind Fuck

Big K.R.I.T.

She motherfuckin' nasty  
She do her mothafuckin' thang  
That monkey tighter than a hamstring  
Campaign to break her off proper  
She never had dick that left her ass asthmatic broken in half,  
shit  
That pussy leave a mess  
Squirtin' on my polo sheets, I got an extra set  
Just in case I have to break her walls  
Motorboat her pearly toe until it overflows like a broken stall  
Gimme head, gimme head, don't be scared, ho!  
I heard its good for your skin, what you scared for?!  
If you want it that deep, prop your leg more  
If you ain't want it this deep, what you beg for? Ho!

Let me fuck your brains out, baby!  
Let me fuck your brains out, don't be scared
