

Never Come Second

Big Moochie Grape

(Bam Bam Bam Bam)

Gigantic (Woo, woo, woo, woo, woo)

Big gigantic, then you know I'm talkin' 'bout big humongous, nigga, know what I'm sayin'?

Everything I'm finna say on this motherfuckin' nigga, I'm talkin' 'bout this all facts, nigga

Everything I'm talkin' 'bout, nigga, I done been through it, nigga

May God be my witness, nigga

This on everything I love, shit

Thankin' my Lord for these blessings

I stay down and I won't touch on my sixes

They used to lead me in the blind and they kill me by hand

But the whole time a nigga was ready

I used to be on the front line every damn time when this shit really, really got deadly

Now they be flaggin' me down, tryna get me around

'Cause they said, 'Y'all niggas got wealthy'

Yeah, 18, I was stuck in the penal phone, youngins up in the dorm

I used to fight with my siblings

Twenty-oh-two, I was eight, I was sneakin' in late, back then, yeah, a nigga was steppin'

Mom tried to get me to the States, tried to throw her on the way

Back then, yeah, they had to come fetch me

Y'all niggas went in a race, I done came in first place

Hell nah, I'll never come second

Never had a childhood, stay locked through it, though, when my family start littin' up

Yeah, I'm an east-handed baby 'cause nothin' else tried me

The roughest hell where I came up

I used to sleep in the cold with nowhere else to go

I was ten years old, shit was fucked up

Ayy, but however it go, I'ma stand on my ten

I'ma keep my hand under my nuts, nigga

Nigga would hate on my downfall

Now they can't wait 'til I rent my lil' truck, yeah

My nigga give me another one just to go, 'Shit, child, bitch-ass up,' yeah

Nigga ran off with his gun now, but I was still the first one to go bust, yeah

If a nigga wasn't my shoe, swear to God, you nigga wouldn't have did nothin'

Thankin' my Lord for these blessings

I stayed down and I won't turn to my sixes

They used to leave me in the blind and they kept me behind

But the whole time a nigga was ready

I used to be on the front line every damn time when the shit really, really got deadly

Now they be flaggin' me down, tryna get me around

'Cause they say a young nigga got wealthy, yeah

Eight-ten, I'm stuck in the penal form, yonk is up in the dorm

I used to fight with my siblings

Twenty-oh-two, I was eight, I was sneakin' in late

Back then, yeah, a nigga was steppin'

Ma tried to get me to the States, turned to a runaway

Back then, yeah, they had to come fish me

Young nigga winnin' the race, how they came in first place

Hell nah, I'd never come second

It ain't no cappin', my rap out, it been in the trap
Big Moochie be servin' the junkies
Paper, I empire, long live dog, for a thang, I know it gon' get the money
And when we catch us up, I bet a nigga get popped broad day like we get the
bombin'

Young nigga came out the mud, but I turned to the subs
I'm the one that turned nothin' to somethin', yo
Big apple gifts make a bitch wanna have six
Apple drip through a hunnid, but that was my last check
Chase the bag in, yeah, I gotta go have that
So 50 bowls, but that was my last pack
Call up my plus-semi, send it five after that
Send me a trim, bet these niggas gon' cop it at
Hit, rob, and murder, you know there no stampin' it
Got the ball in my court, bet these niggas ain't clappin' it

Thankin' my Lord for these blessings
'Cause I stay down and I won't talk to my six (shike that)
They used to leave me in the blind and they kill me by hand
But the whole time a nigga was riddin'
I used to be on the front line every damn time
When this shit really, really got deadly (on God)
Now they be flaggin' me down, tryna get me around
'Cause they said, 'Young nigga got wealthy' (bitch)
18, all stuck in the pillow, phone, youngins up in the dorm
I used to fight with my family (no cap)
2002, I was eight, I was sneakin' in late
Back then, yeah, a nigga was steppin' (there's no cap)
Moms tried to get me to the state, tried to turn around the way
Back then, yeah, they had to come bitch me (there's no cap)
I'd never come second (bitch, bitch, bitch, bitch, bitch)
