

# Reggae Inna Summertime

Big Mountain

Reggae inna summertime  
Reggae inna summertime  
Reggae inna summertime  
Reggae inna summertime

Glad to say goodbye to the clouds  
Open up and let the sun shine through  
You know we got so much work to do friends  
It's been a long and heavy winter  
Seems so hard to keep a good time

Reggae inna summertime  
We'll be escaping in the sweet sunshine, yes I  
Reggae inna summertime  
Nothing could be sweeter for the level of the vibe, oh no

The days are getting longer  
Flowers are blooming, air's getting warmer  
I know soon it will be time for the dance to start  
Reggae she gonna party underneath the stars

Reggae inna summertime  
We'll be escaping in the sweet sunshine, yes I  
Reggae inna summertime  
Nothing could be sweeter for the level of the vibe, oh no

Reggae inna summertime
