Soul teacher - let me feel the beating in your heart  
Soul teacher - guide me by the beat, yeah  
Soul teacher - everyday the passion grows  
Showing me just how I feel, yeah

Me seh me feel it, me feel it in me soul-a  
Body attack-a and me lose control-a  
Me seh me feel it, me feel it in me heart-a  
Culture music-a rule from the start

Take the time to know just how it feels  
Then you will know the tears I shed are for real  
And for all the painful moments I have sopressed in my past  
Let me soak on memories that were meant to last

Soul teacher - let me feel the beating in your heart  
Soul teacher - guide me by the beat, ooh yeah  
Soul teacher - everyday the passion grows  
Showing me just how I feel, yeah

Me seh me feel it, me feel it in me soul-a

We've been having lesson in our lifes  
Teaching us to live in the culture's vibe  
You know that's a message that we all must seek within  
A melody of love that will make the angels sing

Soul teacher - let me feel your beating heart  
Soul teacher - guided by the beat, ooh yeah  
Soul teacher - everyday the passion grows  
Showing me just how I feel, oh

Cover me, cover me, cover me with your love  
Teach me (gwan teach me), teach me (teach me)  
Teach me with your love
