

## Straight to My Heart

Big Mountain

Straight to my heart  
Straight to my heart and I can't live without you

You had something I can tell you  
I could not resist  
No escaping those emotions  
I had to take the risk  
Following your light  
You gave me back the smile  
That I've been searching for  
From the moment we touched

You just went straight to my heart  
Nothing could make me move  
You just went straight to my heart  
I had to let you come through  
You just went straight to my heart  
And I cant live without you

First impressions last the longest  
You just got to me  
I was a prisoner  
So many bad times  
You just set me free  
With you I belong  
In the shelter of your loving arms  
I will come to no harm

With you I belong  
In the shelter of your arms  
I will come to no harm

There was no recovery  
You satisfy the need in me  
Every night and every day
