

What Do We Mean To Each Other

Big Mountain

Seems like we never get to talk about a new day
All of the pressure keeps us going in the wrong way
Another minute goes by without a question
Another day without inspiration
I want to touch your skin
And feel you close to me, healing me
And the children sing
And the children sing
To the falling rain and the beat within

And I ask myself again
Exactly where do we fit in - I just don't know
Is there something I should know?
Should we stay or should we go

What do we mean to each other?
Oh baby what do we mean
What do we mean to each other?
What do we mean?
What do we mean to each other?
Ooh what do we mean to each other?
Ooh yea what do we mean to each other?

We got to take the time to search for a solution
Swallow the pride and skip the confusion
Hold my hand with no selfish intentions
Open your heart without hesitation
I want to touch your skin
And feel you close to me, healing me
And the children sing
And the children sing
To the falling rain and the beat within

Oh no mus be somethin
Fire come out a ya eyes I caution
No more cooperation
Ya keep me goin 'round na no where I'm goin'
Come now my baby ah let me ask you one ting
Is it for real or am I livin' it in a dream
Your kinda vibe ah it mek me heart sing
Gimme all ya lovin' ah mek me gwan crazy
