

Magnolia

Big Red Machine

Was it far when you fell?
Was it hard? Can you tell me?
Magnolia, can you tell me?

Did you forget? Did you grieve yet?
Did you regret? Did you heal yet?
Magnolia, did you heal yet?

You were out on a ledge that night
Anything to avoid a fight
I was worried you lost your mind
Lost track of time till you came back

Was it far when you fell?
Was it hard? Can you tell me?
Magnolia, can you tell me?

Did you accept, he's a demon?
Did you regret? Did you leave him?
Magnolia, did you leave him?

What's ahead? Lift your eyes up
Need to mend, pick yourself up
Magnolia, pick yourself up

Out from under this axiom
Wish that I could just save you from
You were grieving the treachery
The lechery when I came home

You were out on a ledge that night
Anything to avoid a fight
I was worried you lost your mind
Lost track of time till you came back

Too soon
It's all gone
Well, I'm home

Who knew?
It's all gone
Wish I'd known

In the ashes of
In the Ohio
In the river flow
I watch you go

Well, you burned it down
And erased this town
Well, you had to go
Well, I should know

Was it far when you fell?
Was it hard? Can you tell me?
Magnolia, can you tell me?

Did you forget? Did you grieve yet?
Did you regret? Did you heal yet?
Magnolia, did you heal yet?

What's ahead? Lift your eyes up
Need to mend, pick yourself up
Magnolia, pick yourself up

Too soon
It's all gone
Well, I'm home

Who knew?
It's all wrong
Wish I'd known

Too soon
It's all gone
Wish I was home
