

Hide in the grass  
Whole amount of love to the task  
Where we smoke again  
Over knocked out fast

Over night my body  
Turn a top  
Turn a top  
Over night my guidance  
Turns a coal rider

Body

Body

Over my dead body  
To the mop  
To the mop  
Over my dead body  
Through the clock  
Over the task, all to do a matador mask  
Wait in the path  
Where we smoke again fast

Over night my lighting  
Whole amount of love to the task  
Whole amount of love to the task  
Whole amount of love to the task  
Whole amount of love to the task

Over my dead body  
Through the rock  
Through the clock  
Over your dead body  
Wanna live again  
Wanna live again  
Keep on living then

Body

Over mind no matter  
With a mock  
With a mock  
Over laid my time  
To the mop  
To the mop  
Over night my body  
Turn the lock  
Turn the lock  
Silver lite my miser

Clover thy lie silent  
To the cop  
To the crop  
Over lite my martyr  
Oh my mind's all mine

Over my dead body  
Through the clock  
Through the clock  
There's a way to go  
There's a way to go

Over mind no matter  
With a mock  
With a mock  
Over laid my time  
To the -my body  
Over night my body  
Turn the lock  
Turn the lock  
Over night my body  
Oh my body oh my

Over my dead body  
Through the clock  
Through the clock  
Through the clock  
Through the clock  
Through the clock  
There's a way to go

Over my dead  
Over mind no matter

Over my  
Over my
