

Frontline

Big Scarr

Woah

Let's go

(DrvmLord)

Filled my cup three times, shit still soundin' like chains, nigga

Let's go

Gotta analyze

Yeah, a nigga still fightin' demon ties

Real recognize real, niggas better recognize

Look me in my eyes, you can tell that I'm certified (Certified)

Hurt me to my heart, seen my mama cryin'

Lil' bro only happy when you fresh or when the opp dyin' (When the opp die)

Yeah, I know I'm good with the punchline

But don't make me get up in the field on the frontline (Frontline)

Superhero 'Cat, hear the engine whine

Nephew call my phone, hit the audio FaceTime (FaceTime)

Lost my last bitch 'cause I ain't make time

Real street runner, yeah, I'm all about a dollar sign (Dollar sign)

Nigga lose his life tryna take mine

Bet I'm doin' life 'fore I let them niggas take mine ('Fore I let 'em take mine)

All about the money, can't waste time

Foot up on the gas, I don't never use the brake line

Uh, woah, huh? Heard they hatin' now (Hatin' now)

Poppin' shit every day now (Every day now)

Put it in they face, what the fuck they gon' say now? (Fuck they gon' say now?)

Shellcatcher net on the Glock side

Plenty ammunition any time you see me outside (I'm outside)

Turn the opp party to a fish fry (Woah)

Get up on 'em close, I ain't really with the drive-by (Get down)

Water on me like I got baptized

Pull up in the hood, let the Hellcat ghostride (Bitch ghostride)

And I got your bitch on my right side

See you tryna call, phone ringin' like the hotline (Hit decline)

Strapped on the stage during show time

Heard they took his chain, bet a nigga won't take mine (Can't take mine)

Headshot him when he cross the gun line

Everybody strapped, I ain't really gotta use mine (Woah, nigga, get down)

Gotta analyze
