The fuck is you sayin'? When I told 'em I'm him, niggas thought I was playin'
,
I got the game in my hand like the world, everywhere that I go, we keep sticks like a band
Smokin' exotic, this shit got me high, got my eyes sittin' low like I'm way from Japan
Hop on the beat and I go Super Saiyan
I ain't gotta say it, they know I'm the man
The fuck is you sayin'? When I told 'em I'm him, niggas thought I was playin'
,
I got the game in my hand like the world, everywhere that I go, we keep sticks like a band
Smokin' exotic, this shit got me high, got my eyes sittin' low like I'm way from Japan
Hop on the beat and I go Super Saiyan
I ain't gotta say it, they know I'm the man

The one with the plan, I walk on the stage, show love to my fans
For me to pop out, I need least thirty grand
Drippin' in sauce like my name Dapper Dan
I was stuck in that mud, bitch, with no helping hand
Section 8 baby, eat food out the can
I stash away cash in the bank rubber band
Fuck what they say, bitch, they know I'm the man
The one they can't stand
'Cause I made a way for my family and friends
Supercharged motor, leave you in the wind
This gun that I got, it shoot you and your mans
Gotta step firm and have strength in your stance
It's the number one rule when that- in your hand
Ran through a hundred, shit felt like a band
I'll go back to the trap, tell 'em fuck an advance

The fuck is you sayin'? When I told 'em I'm him, niggas thought I was playin'
,
I got the game in my hand like the world, everywhere that I go, we keep sticks like a band
Smokin' exotic, this shit got me high, got my eyes sittin' low like I'm way from Japan
Hop on the beat and I go Super Saiyan
I ain't gotta say it, they know I'm the man
The fuck is you sayin'? When I told 'em I'm him, niggas thought I was playin'

I got the game in my hand like the world, everywhere that I go, we keep sticks like a band
Smokin' exotic, this shit got me high, got my eyes sittin' low like I'm way from Japan
