

## Rush Hour

Big Scarr

(Ayo, ShodBeatz)

Let's go

In traffic like rush hour

Sippin' on lean like it's Budweiser, choppa knock two niggas down like the Twin Towers

Super charged scat, watch it go faster, used to be broke, you know I ain't tryna go backwards

Shoot it out wherever, don't matter, hope you don't play it's gon' be a disaster

Ride around everyday with the stick, yeah, win the battle

How I walk on the beat, yeah, I do it unique, can't nobody do better

My lil' bitch a freak, eat the dick in my sleep, yeah, she treat me like Hugh Hefner

I'm chasing the cheese, no cheddar

Momma said, "Son, watch out for the devil", I told her don't worry, I'm straight with the devil

(Put one in the head)

And I'ma dance on the way to the feds, you play with my family, me, or they bread

Look at my eyes, I know that they red, I'm smoking it dead and I'm full of these meds

Can't let 'em get me, I know how to play it, go with your move, I'm move two steps ahead

Shooters on go, put a price on your head

Yeah (Skrرت)

Narcs on the scene so I fled

You know I'm high as a bird, I'm the shit like a turd, before you talk, think before you say it

Hoe if I give you my word, I ain't playin'

Tell 'em white folks, send my bread in advance

And I don't need no nigga, just me and Parlay, we ride with them choppers with drums like a band

(The fuck is you sayin'?)
