

Twin Rivers

Big Scary

Gonna have to wake up
I don't want to have wake up, get up, get changed, game face
I don't wanna have to wake up again this morn
Gonna have to wake up
I don't want to have wake up, get up, get changed, game face
I don't wanna have to wake up again this morn

And the conversations so old
We can't even roster a fight
When my goes cold
When you turn off the bed side light

Gonna have to wake up
I don't want to have wake up, get up, get changed, game face
I don't wanna have to wake up again this morn
Gonna have to wake up
I don't want to have wake up, get up, get changed, game face
I don't wanna have to wake up again this morn

This is my idea of fun
More is lost and time is won (3x)

And the conversations so old
We can't even roster a fight
When my goes cold
When you turn off the bed side light
