

Black Void

Big Sean

Bad news, bad news
You don't want me, but I want you
Bad news, bad news
I can't stop dreamin' about you

I'm letting go
This time
You crossed the line, I'm done with that
Disrespect, ain't havin' that
You say you don't give a fuck, but you so attached
Not too worried about you fuckin' other nigga now
Build me up and now my ego just won't let me down
Take me down, protect me how?
Just let me drown
I always let you down

Too much time, I'm done with that
I'm lettin' go, you crossed the line
It's no comin' back, gotta see the signs
I'm not goin' back 'cause you say it's fine
Wastin' time, dirty, ain't worthy, ain't worth me
Got my phone blowin' up like Kirby
How we together but you tryna curve me?

How we together but you curve me?
How you say you love me but you always hurt me?
Even you told me you don't deserve me
And then talk down on me like I ain't worthy
Tryna move forward but you won't reverse me
To a place where we wasn't workin'
Actin' sweet, know you gon' desert me
Talkin' all spiritual and all churchy
Say you on my team, I can't find the jersey
Know you gon' find somethin', you keep searchin'
Who you fuckin' with don't concern me
Unless you really cold enough to burn me
And if it ain't no time then we can't be rushed
How yo' friends gon' hate on us
When they was the ones that matched us up?
If it was them, they wouldn't pass me up
If you trust me, it can't be much
Awkward silence every time we talk
All the problems keep pilin' up
You ain't never gon' love the full me
You ain't never gon' back me up
You ain't never gon' set me free
And let the one for me snatch me up
You wanna need me and wanna bleed me
But never there to come patch me up
When you thinkin' through, is it good for you?
Just remember you is only half of us
Remember you is just half of us
Remember you is just half of us

Driftin' through the void
I'm done with you
I'd rather be on my own

Too many times
I'd rather be on my own
Back into the void
Back into the void
Turn it off, be alone
Turn it off, be alone
Turn it off, be alone
I'd rather be on my own
I'd rather be on my own
All alone, run along
All alone, all alone

All alone, all alone
All alone
Black void, Black boy
All alone, all alone
Came into it just like how I'm goin' home
All alone
All alone
All alone
Black void
