And if it's mulla I got handles like a dino

I won't loose control, now why don't you loose control

Chasin' this money I think I'm gonna loose my soul

But fuck it if it move my momma to a better home

Cuz I'm a paper chaser, I like baithin' apea

And even G's get shocked like my watch was a tazer

I am an ultimate warrior with this cheese grater

That means I go hard, chasin' this...

Paper Chaser

GOOD Music, yeah, yeah, BIG

They said it's just not fair, conquer competition

And they could never match my commitment to commission man

I ain't trying to gas you up nigga I ain't ethanol

Bringin' home that bread and bacon

I got high cholesterol, my nigga I get it, what about you

I promised mamma' Benz and a new house too

And man I'm addicted to that good pasta and that cooked lobster

Paper chasin' I'm gon' probably need a foot doctor

LL I'm in love with the label boy

Bitch I'mma dog I wake up and chase the paper boy

But do you niggas really know about paper?

But do you niggas really know about paper?

GOOD Music
