Big Sean

Aye, hit me back, man, you know I'm, I'm, um
Aye, nigga, where you been at, bro?
I'm filing for bankruptcy and I just, you know, I just wanna talk about it before
Always in the studio but ain't never with your son
Give me my baby
This the second time you cancelled on me, when are you coming over?
Ayo, the city fuckin' with you right now, bruh
Nigga talking crazy 'bout you in the hood, bro
You never have time for me
Nigga saying you ain't even been in this bitch, you ain't
Nigga, ain't you a father? You over here talking bout that G.O.
A.T shit, nigga
We speak two totally different languages
Meanwhile, you get to figure yo shit out
Just lemme hold somethin', bro
The city need you dog, c'mon, man
Them nigga saying you ain't been to the city in over a year, nigga
I just seen yo' daddy drive a Uber dog, you good?
Oh, God
You need one of them anthems, nigga
Nigga, you need to figure yo' shit out
You need to diss someone
Why does it feel like you're second guessing yourself?
You should just diss a nigga, man, drop a diss track
We need you, dog
Daddy, I miss you
I miss you
You don't miss me, bitch
