Pull up to the house you thought you died  
And seen the pearly gates  
Now a days respect the ones who talking good behind my back  
And say the bad shit to my, to my face  
Why complain about things I can change? Yeah (I can change)  
Soldiers 'round me, we done been through major pain (Major pain)  
Laser focused, AOL been had AIM got a  
Lot of hundreds, stayed a hundred, life just changed (Life done changed)  
What you doing? You got bitches blowing you kisses  
Oppositions sending death wishes, either way it make me no difference  
I done outdid the predictions, I'm a underground king  
Always had the tunnel vision, I'm constantly constant

So ain't nobody finna do me any type of way  
Ain't nobody finna do that  
Ain't nobody finna do me any type of way  
Ain't nobody finna do me dirty, no way

Got her throwing diamonds in the air like it's a play pen  
Can't let them trick me out of nothing long as I'm livin'  
I can't let 'em go out savage long as I'm gettin' it  
I won't let never hold a freak whore against her will  
Still won't let them do me any kind of way without no shield

Ain't nobody finna do me any type of way  
Ain't nobody finna do that

All that fake shit over, we don't take we take shit over  
Army, Navy, paper soldiers, cut the grass and face the cobras  
I'm a walking bucket list, product of my suffering  
Kobe at the Rucker, bitch  
Triple and double and running this shit, I learned that praying is God ammunition  
Please let it rain down 'til it drown out my city  
The fruits of my labor came all to fruition  
You talkin' 'bout I, you ain't got no vision  
We, not me, little bitch, built like we sell bricks  
Fuck blogs, read my lips  
Doing me dirty the only thing that you won't do in this bitch, bitch
