

## Kick Mud

Big Smo

This is for the 4 wheel Mud nut  
Jacked up Chevy truck  
Rollin in Ford tough  
Creepin through them deep ruts

Music cranked full speed  
Moonshine fresh tree  
Look they keg standin'  
On the roof of that SUV

Trail ride slip n' slide  
In my side by side  
Rippin like a RAZR  
Through a roll of Tennessee pines

Hangin by the lake  
The bon fire bound to make  
All them country gals go crazy

Kick mud  
35's sittin high my truck'll  
Kick mud  
Crawlin through them slop pits my grips  
Kick mud  
Country livin' shine sippin' we all  
Kick mud  
If you don't like the way we livin' guess what  
Kick mud

35's sittin high my truck'll  
Kick mud  
Crawlin through them slop pits my grips  
Kick mud  
Country livin' shine sippin' we all  
Kick mud  
If you don't like the way we livin'  
Kick mud

All my lil' mud nuggets  
Gettin buck at the ball  
Tell them city boys to  
Kick mud off of the bar

Raisin Cain in the lane  
3 foot of slop  
And the machine it don't listen  
When you tell it to stop

True mud camo  
And some dirty jeans  
Meat mud smothered  
Yeah I put that on everything

Cotton mouth  
Boots Farmall hat  
Now tell me that you ever see  
Country like that

Kick mud  
35's sittin high my truck'll  
Kick mud  
Crawlin through them slop pits my grips  
Kick mud  
Country livin' shine sippin' we all  
Kick mud

Kick mud

Its Big John on the block  
Better live ya life savin's off an acre a crop  
You all talk it  
I walk every line that I spit  
Keep it kuntry for my kinfolk reppin' the stix

Backwoods livin' produce flippin'  
Pure bread American  
Southern and simple  
We're born to ride  
Livin' to die  
Nothin standin' in our way  
When we're sittin' this high

Kick mud
