Dony

Big Star

The way you stand there
Standing in line
The way that I stare
I'm gonna go blind
Yeah you're fine girl
Where are you from
And the whole world
Where is this one

Surely you're aware
You're blowin' my mind
The sun in your hair
Seems to stop time

Like a starshine
The hottest daylight
Yeah and streamlined
As all get out

Surely you're aware
Your truth in my mind
The sun in your hair
Seems to stop time

Surely you're aware
Your truth in my mind
The sun in your hair
Seems to stop time
