

February's Quiet

Big Star

In the morning bright sunshine
I've got her and I feel fine
She likes sugar in her tea
I just like her company

We gotta be together
Just want to be together

Leave my troubles, take my seat
She serves something oh so sweet
I'll be hers and she'll be mine
No cloudy stares or stormy climbs

We gotta be together
Just want to be together

November rain, December snow
January's oh so cold
February's quiet and still
March is flowers on the sill

And we're still together
'Cause we gotta be together now

Seasons may change
The years fall away
I still need you
I still need you
I still need you

Summer comes falling in
November rain begins again
She knows what she means to me
I'll always need her company

We're still together
'Cause we gotta be together
We're still together
'Cause we gotta be together right now
