

Counterfeit Wings

Big Sugar

When i
close my eyes, i believe i can fly. Listen to the angels i can
almost hear them
sing
i am high, indeed, all creation before me, as i float through t
he heavens on my
beautiful wings

my wings, are some counterfeit wings
in the light of the day you can see that they're fake
my wings, my counterfeit wings
when you fall to the ground, how easy they.....break

i hear heavenly songs but something is wrong, you know i don't
belong in this
sanctified place
for when the angels see, that it's only me, they will surely sn
ip the strings
of these make believe wings

my wings, my counterfeit wings
in the light of the day you can see that they're fake
my wings, my counterfeit wings
standin' at the judgement, how easy they.....break
x2

if i close my eyes, i believe i can fly, up here with the angel
s, i can almost
hear them sing
but the truth has been found, and i'm tumbling' down, these fra
udulent things,
my jive ass wings

my wings, are some counterfeit wings
in the light of the day, you can see that they're fake
my wings, my counterfeit wings
when you fall to the ground, how easy they.....break
standin' at the judgement, how easy they.....break
