

## Coma

Big Thief

He put her in  
To get out  
To get out  
He kissed her skin  
To get off  
To get off  
Off

You can wake up now, momma  
From your protective coma  
When you wake up  
You wake up

You won't recognize your house  
You won't recognize your house  
Will you recognize the  
Iris of the body?  
Iris of the body?  
You won't recognize your house  
You won't recognize your house  
Will you recognize the  
Iris of the body?  
Iris of the body?  
You won't recognize your house

Will you recognize the  
Iris of the body?
