

Humans

Big Thief

Humans in the honest light
Love is a cold infection alright
Why in the morn of one bad night
Do I fight your touch like a fever

Human man you loosen my mind
Loosen my hand from the beckoning knife
How in the fortress of your eye
Do you lay me down a believer?

I can't see me, I can't see
You can't see me, I can't see
You can't see me, I can't see
You can't see me, I can't see

Humans in the honest light
Love is a cold infection alright
Why in the morn of one bad night
Do I fight your touch like a fever

I can't see me, I can't see
You can't see me, I can't see
You can't see me, I can't see
You can't see me, I can't see

I'm fooling my heart
Fooling my heart
I'm fooling my heart
Fooling my heart

Humans in the honest light
Love is a cold infection alright
Why in the morn of one bad night
Do I fight your touch like a fever

I can't see me, I can't see
You can't see me, I can't see
You can't see me, I can't see
You can't see me, I can't see
You can't see me, I can't see
You can't see me, I can't see
