

Imagination

Big Thief

We beat it to death
Holding one last breath
Only one green leaf left

Do you know what you want?
I think I know what I want
Do you remember restaurants?
Rest

Imagination
There is no other place

Party all night long
Maybe all day too
People all around you
Surround you

My dreams, you haunt
My room, you haunt
Making out

Imagination
There is no other place
To live

Think we beat it to death
Holding one last breath
Only one green leaf left
