

Not Giving You Up

Big Time Rush

I can't fight this feeling that won't go away
In too deep to think of looking back, yeah
You go stealing hearts and then you run away
And I keep holding on to what we had

When it comes to you, girl
I'm prepared to do anything that it takes
I'm falling down, fall on me
Zero games, baby, please
Please, please, yeah

'Cause I'm never giving you up
Not giving you up, not giving you up
Not giving you up, not giving you up
Not giving you up, no

'Cause I'm never giving you up
Not giving you up, not giving you up
Not giving you up, not giving you up
Not giving you up, no

Some cardio and mimosas in the morning
I just can't get enough of you (Ooh)
Just name it, girl, you know that I'd be on it
I just can't say no to you

When it comes to you, girl
I'm prepared to do anything that it takes
I'm falling down, fall on me
Zero games, baby, please
Please, please, yeah

'Cause I'm never giving you up
Not giving you up, not giving you up
Not giving you up, not giving you up
Not giving you up, no

'Cause I'm never giving you up
Not giving you up, not giving you up
Not giving you up, not giving you up
Not giving you up, no

You know I got it bad for you
Give up all I have for you
You gon' make me beg for you
Baby, if you wanna live it up, I'm down

'Cause I'm never giving you up
Not giving you up, not giving you up
Not giving you up, not giving you up
Not giving you up, no

I'm no good at waking up without you
Without you
My hands are shaking, I'm breaking up without you
Without you

'Cause I'm never giving you up
Not giving you up, not giving you up
Not giving you up, not giving you up
Not giving you up, no

'Cause I'm never giving you up
Not giving you up, not giving you up
Not giving you up, not giving you up
Not giving you up, no

You know I got it bad for you
Give up all I have for you
You gon' make me beg for you
Baby, if you wanna live it up, I'm down

'Cause I'm never giving you up
Not giving you up, not giving you up
Not giving you up, not giving you up
Not giving you up, no
