

Only One

Big Time Rush

Love it when you say you love me
Need to hear you say you need me
Girl, I wanna be your only one

Red wine and bouquets
That look on your face
I hope you never ever change
Summers and heatwaves
That's you and me, babe
I'll never ever be the same

I love it when you kiss my face
My arms wrapped around your waist
I really really really wanna spend my time with you

'Cause I love it when you say you love me
Need to hear you say you need me
Girl, I wanna be your only one
Everybody needs somebody
So put your body on my body
Only wanna be your only one

Your only one
Only wanna be, only wanna be, only wanna be
Only one
Only wanna be your only one

Billions of people
I'm choosing you, though
Wherever we go, keeping you close
Never ever letting you go

Loving you's a piece of cake
Sweetest thing I'll ever taste
I really really really wanna spend my time with you, 'cause I

'Cause I love it when you say you love me
Need to hear you say you need me
Girl, I wanna be your only one (Your only one)
Everybody needs somebody
So put your body on my body
Only wanna be your only one

Your only one
Only wanna be, only wanna be, only wanna be
Your only one
Only wanna be your only one
Your only one

Love it when you say you love me (Only wanna be, only wanna be)
Need to hear you say you need me (Only wanna be)
Girl, I wanna be your only one (Only wanna be)
Everybody needs somebody (I need somebody)
So put your body on my body
Only wanna be your only one
