

Weekends

Big Time Rush

I know it's a weeknight
But it's been a minute
Since you hit me with a reply, oh
Something don't seem right
We used to talk every day
Now it's once in a while
It's once in a while

It's funny how every word I ate
Made my stomach ache
Was it all for nothing?
Must be my mistake
This runaround got me in a state
Overcompensate
I was what you wanted
Now you don't even look my way

Can't you let me know
Why you so hot and cold?
I wanna know the reason
You only call me on the weekends
Either love me or let me go
Say you will but you don't
I wanna know the reason
You only call me on the weekends, yeah

I can see you posting on your page
Then you go and ghost
Why the games
Maybe we're just on different waves
Maybe the you I knew has changed
I don't wanna believe it
I don't wanna believe it

It's funny how every word I ate
Made my stomach ache
Was it all for nothing?
Must be my mistake
This runaround got me in a state
Overcompensate
I was what you wanted
Now you don't even look my way

Can't you let me know
Why you so hot and cold?
I wanna know the reason
You only call me on the weekends
Either love me or let me go
Say you will but you don't
I wanna know the reason
You only call me on the weekends, yeah

Where you at tonight
(Where you at)
Where you at tonight
(Where you at)
Be honest 'bout the reason

Then I can let it go

Where you at tonight

(Where you at)

Where you at tonight

(Where you at)

I think I know the reason, oh

Can't you let me know

Why you so hot and cold?

I wanna know the reason

You only call me on the weekends

Either love me or let me go (Let me)

Say you will but you don't (Say you will but you don't)

I wanna know the reason (Uh-huh)

You only call me on the weekends, yeah (You only call me on the weekends)

(Call me on the weekends)

Oh, yeah, oh, yeah, oh, yeah, oh yeah, oh yeah

Uh-huh

Oh, yeah, oh, yeah, oh, yeah, oh yeah, oh yeah

Call me on the weekends
