You can catch me in the club with a gangsta girl  
When I ride, I'm gonna ride with a gangsta girl  
When I smoke, I'm gonna smoke with a gangsta girl  
When I freak, I'm gonna freak me a gangsta .

I'm lookin for them gangsta girls, not them fake ass +Wanksta+ girls  
Just them ghetto fabulous girls, gotta keep 'em in my world  
Mama makin gangsta moves, rollin with this gangsta dudes  
Sittin on, spinnin 24's, openin my Bentley doors  
Drunk at the party, hands up in the air but still she sexy when she shake her body  
That type of chick that says "hey girl, let's go to the after party"  
After that we go to my room for the after, after party  
Y'all know what happens next, Hypnotiq and a rated X, got her singin the greatest sex  
Now on dubs, rollin up, into the club, raisin 'em up

Once upon a time in this place called hood  
Where the gangsta girls shake it and they all smell good  
Lived this legendary pimp (pimp) by the name of Fresh  
Fix hairs, fix nails, fix toes, fix breast  
But one chick super sick, make every nigga grab his dick  
Heart pound up and down, when she goin round and round  
Do the +Snake+, stop and shake, ass like an earthquake  
I can't wait to meet her uh, undress her, beat her up  
Now we leavin from the club, and she let me cop a rub  
Can't believe she choose me, +Feelin On Her Booty+  
I'm about to cut like knives, strokin mami with some eyes

Takin me to paradise, I nut once, she nut twice  
Sex in cities, rubbin titties, that's how I get it  
One more 'gain, with her friend, playa that's how I hit it  
Now we grippin, grabbin, pullin, stabbin (what is your name?)  
It's Hypnotiq how I got it, but I'ma glad that you came
