

## Blue

Big Wild

Blue  
The only color that she'll ever see  
Blue  
The only feeling that she'll ever feel

Blue  
Keep your crashing waves out in the sea  
Blue  
Don't you wrap your arms around me please

Where did you go  
What did you do  
Your blood is pumping 8.2  
The glass in your eyes  
Can't disguise  
The truth behind those broken lies

Lies  
Lies  
Lies  
Lies

Sun  
Illuminate the ground so she can see  
Sun  
Burn away the fog so I can breath

You can't disguise  
The truth behind those broken

Lies  
Lies  
Lies  
Lies  
Lies  
Lies
