

## Burst Of Light

Big Wild

Like a burst of light in the sky  
You were here, and now you're gone  
Through the door and into the night  
Waiting here is the hardest part

Days and nights, and times when I'm lonely  
Will you hold me  
One more time  
Can't believe we're gone in a moment  
So I'm hoping  
You're just lost  
But it's me

Ooh  
Will you take my hand  
'Til the end  
Ooh  
Will you take my hand  
'Til the end

Rising up from darkness to blue  
Faces pass, I mistake for you  
Messages repeating the noise  
Hanging on to hear your voice

Days and nights, and times when I'm lonely  
Will you hold me  
One more time  
Can't believe we're gone in a moment  
So I'm hoping  
You're just lost  
But it's me

Days and nights, and times when I'm lonely  
Will you hold me  
One more time  
Can't believe we're gone in a moment  
So I'm hoping  
You're just lost  
But it's me
