

Curious

Big Wild

I wanna take you out tonight
I wanna see your curls dance in the light
I wanna be there
For the rest of your life
Oh no

You spin me round
You've got me high
Pull me closer
Send a shake up my spine
Imagination makes my mind go wild

Ooh when you walk down the street
And you brush right by me
Do I make you curious?
Little curious?

Ooh when you walk down the street
And you brush right by me
Do I make you curious?
'Cause you're making me curious

Your umber eyes start to undress
Two twisted lovers tangled up in a mess
My future's racing
I'd do anything for you (oh no)

So I'm desperate now
And I wanna know how
Just how I can be with you
Every day and night
Give me all your light
Just let me know what to do

Ooh, infatuation makes my heart go blind

Ooh when you walk down the street
And you brush right by me
Do I make you curious?
Little curious?

Ooh when you walk down the street
And you brush right by me
Do I make you curious?
'Cause you're making me curious

But I want you more than a fantasy
So, I say "Hello" so you notice me
Feel your eyes to make us real

Ooh when you walk down the street
And you brush right by me
Do I make you curious?
Little curious?

Ooh when you walk down the street
Don't brush right by me

Do I make you curious?
'Cause you're making me curious

Do I make you curious?
'Cause you're making me curious
