

# Heaven

Big Wild

I caught a glimpse of heaven  
I caught a glimpse of heaven

As colors stream from her eyes  
And moonlight hits the sun  
And raindrops on the ocean fill my heart

I caught a glimpse of heaven  
I never thought it was true  
I caught a glimpse of heaven  
To find out it was you  
I caught a glimpse of heaven

I caught a glimpse of heaven

As colors stream from her eyes  
And moonlight hits the sun  
And raindrops on the ocean fill my heart

I caught a glimpse of heaven  
I never thought it was true  
I caught a glimpse of heaven  
To find out it was you  
I caught a glimpse of heaven

I caught a glimpse of heaven

I caught a glimpse of heaven
