

## Purple Sand (My Home)

Big Wild

There's a sound ringing in my head  
Golden faces dancing in the sand  
She's got the movement, she's got the waves  
Under her treetops is where I'll lay

So far from the ones I know  
So close to the one I love  
This is the place I wanna go  
Because you're my

So far from the ones I know  
So close to the one I love  
This is the place I wanna go  
Because you're my

Home  
Oh because you're my home

Nobody tells you the water's so cold  
But I need a change before I get too old  
She's got the movement, she's got the waves  
Under her treetops is where I'll lay

So far from the ones I know  
So close to the one I love  
This is the place I wanna go  
Because you're my

So far from the ones I know  
So close to the one I love  
This is the place I wanna go  
Because you're my

Home  
Oh because you're my home  
Because you're my  
Home  
Oh because you're my home
