

Ladylike

Big Wreck

So when she lays down
It'll be
With me
She'll lay down with me

And when she walks out
It'll be
On me
She'll walk out on me

When she kneeling
It'll be
For me
She's kneeling for me

And if I need you to be secure
It's cause I'm not
You're so ladylike and more

When she focused
It'll be
On me
She's focused on me

And if she walks away
It'll be
With me
She's walking with me

And if I need you to be secure
It's cause I'm not
You're so ladylike and more

If she wishes
It'll be
On me
She's wishing on me

And when she's hopeless
It'll be
Lord, she's hopeless with me

And if I need you to be secure
It's cause I'm not
You're ladylike
I need you to be secure if I'm not
You're ladylike and more
