

Skrrrt, skrrrt
Fyoom, fyoom, fyoom
(Ayy, let that shit ride, Tav)
I just watched Tav make this ho, he finna watch me walk down on this ho
Uh

Say I rock ice, but I ain't got time to chill (Bitch, I ain't got time)
The bitch ask if my diamonds real, ayy (Bitch, you lyin')
Like bitch, do you know who you talkin' to?
Man it cost to talk, charge six for a walkthrough
Ayy, and when you got money, these bitches gon' stalk you
Like I'm slidin' with birds, we hop out and hawk you
I just bought me a house, finna go get a loft too
Pull up playin' in my crib, I'ma step like a house shoe

These niggas type on computers, they rats, they mouse too
All of my opps and haters are out due
My lil' shooter, he say he got bodies, I can vouch too
Told her shut the fuck up and just show what that mouth do
My lil' people got poles on the North, the South too
If the police come get me, won't talk, I'm soundproof
In the field like cleats, walk down like a mound do
Big Yay stay with this cake, I guess that's what them pounds do

Say I rock ice, but I ain't got time to chill (Bitch, I ain't got time)

'Bout my green, the stick make 'em leap like a frog do
Think that's your bitch, get locked 'cause she won't even call you
No letters, she won't even mail you
You not the shit, I don't even smell you
Big hammer, catch an opp, I'll nail you, gang
