I got seven cars, seven chains dead aim
Pop out, racks on me, Celine frames
I stand on murder
These niggas know I bring pain
I'm team splatt knock shit back I seen brains
This ain't no scat
Got hips and thighs on this hellcat
Wide Body, turn off the track get nasty when I snatch
Got that get back, smoke on paw nasty turnt him to a pack
I stand on wax keep playing with Nuski watch some else get wacked

Can't lie I cried
Wiping my tears loading up that drac
Tears falling, hoping this clip don't catch my DNA
I'm spazzing out like fuck this switch he gotta feel this K
It's Friday night on his block late got a show the next day
You got me lost, you pissed me off, let them pussies get off
Me vs Me, Thirtball
I'm stuck between being a shooter or a boss
I'm cracking seals
While shedding tears like ago a dry cough
And we put shit under
It's only right I put you in that wall
I fiend murder
These niggas know I mean murder
Ever catch me loafing
Cut me open I bleed murder
Black Draco century arms
Flipping shit like a cheeseburger
We heavily armed
Can't name a chopper we ain't heard of

My bitch by my side
Through thick and thin don't want for nun
I'ma get it together
Stop the bullshit cut out the plucking
Cause I can't even stomach
Just the thought of my lil bitch fucking
And she know how I get
Bout the smallest shit it get ugly
Lord knows I love my kids
About Ashton got at the preacher
Bout Realan take out the teacher
Play with Riley and meet the reaper
Don't play bout Mia and Neshia
Same shit go for Talisha
Bout Big Rod send you to God its strictly murder bout my people

I got seven cars, seven chains dead aim

Pop out, racks on me, Celine frames
I stand on murder
These niggas know I bring pain
I'm team splatt knock shit back I seen brains
This ain't no scat
Got hips and thighs on this hellcat
Wide Body, turn off the track get nasty when I snatch
Got that get back, smoke on paw nasty turnt him to a pack
I stand on wax keep playing with Nuski watch some else get wacked
