Nigga play with thirty, he gon' die and that's on my kids  
We gon' keep a eye up on the opps, we like the Spy Kids  
Don't need no nigga to vouch for me, all the opps know what I did

I just toss two bad thick bitches at the highedge

Shooters pay attention, get you knock off with my eyelid  
Niggas AMG on at the store, it's gone be my Benz  
I'm playing with them choppas, change the color on my new lens  
This 308 came with a scope they play and I'm a zoom in

Zoom in, see I'm so high at the party, I flew in  
I fucked her and her bestie and they telling all their new friends

Some new fins, the same one we sliding dropping opps in  
I'm in the club with 50K, you play, then I'ma drop 10

Scratch 'em off like the lottery, kown for murders and robberies

Prayed up and cated up but that devil still got parts of 'em  
No running when we targetting, arguing or none of that bargaining

Draco gets 2 laps, so I drop off 50 out that carbon then

Co murder where that 10 at, I'm tryna go and get it  
I'm up in the club on the side of you with CG On my fitty  
Everywhere I go, you gotta know them members coming with me  
I just book for a duse and red, this shit might fuck with my kidney

Got a glizzy, a new extension, can't wait to try this fifty  
This iaSemi, the new addition, just 5 check out the switches  
With the embassy broke out the 50, I come from the trenches

A thousand on the 104, send Tojo to go get it  
I'm in Cali pumping weight but I don't fuck with LA Fitness  
Snitch on my niggas, he go to jail you know we kill the witness  
All the choppas bad bitches 'cause you know they came with titties

Me and Jesus, the balance bitch, I'm the ranch on the Salad  
And if I ever quit rapping, that mean, I went back to trapping

Playing cops and robbers, high speeding this stolen charger

Had to get away on feet, come get me from the auter  
Pockets stuck but I ain't satisfied because I want them larger  
If he try to play today on God, you ain't gone see tomorrow
