This Wall Will Fall

Biga Ranx

This wall will fall

And this a one ya fi the youth a trench town
And this a one ya fi the youth a london
And mi seh every ghetto every kingdom
You know it s hot and it s melting down

This wall will fall
No they can't keep the people under control
This wall will fall
Dispite the suffering we got to stand tall

All them a gwaan dem no strong like a praya
Jah alone a make mi deh ya mi nah mind if you is a player
Mi nah fraid a mi nah care da mi nah ramp with trouble maker
Ina me den ina mi laya see mi sit up an a spray out
Oh lord I pray this wall will fall
When dem ago stop to seperate the puss and dogz
Brick by brick we gonna make it tumble down
Like in berlin like jericho town

This wall will fall
No they can't keep the people under control
This wall will fall
Dispite the suffering we got to stand tall

How much man a go die fi a dolla?
How many youth ago die like a soldjah?
How many more ago suffa tell me?
How many more ago suffa?
Real raggamuffin babylon we nah follow
Jah alone ah control and gi the order
We've got to cross the borderline
We've got to cross the borderline
Never mind cause'

This wall will fall
No they can't keep the people under control
This wall will fall
Dispite the suffering we got to stand tall
