

## Bat Man

BigKlit

"Know everywhere I go, niggas wanna look at me like I'm the crazy one, like there's something wrong with me nigga. Like THE FUCK IT AINT ME IT'S YOU BITCH. BigKlit! I would never wanna be you niggas"

Since a jit I've always been a problem (do you got a problem?!)  
Everywhere I go they got a problem  
(Let me know!)  
Fuck the world I ain't never stoppin'  
If I ain't got it... then I'm robbin'

Take my Batman when I'm Robin  
She a madman, she a goblin  
I heard she got a heart but it's rotten (it's gone!)  
She a problem... she a problem

BigKlit always kept it real been sayin' fuck how you feel, been breaking hearts you know the deal, I dont fight unless I fight to kill, give a nigga scars that he won't heal

BigKlit and I ain't got a home, cause my family always been dysfunctional, I couldn't let my feelings show, I had to give myself the time to grow, I had to get it on my fucking own

Since a jit I've always been a problem (do you got a problem?!)  
Everywhere I go they got a problem  
(Let me know!)  
Fuck the world I ain't never stoppin'  
If I ain't got it... then I'm robbin'

Take my Batman when I'm Robin  
She a madman, she a goblin  
I heard she got a heart but it's rotten (it's gone!)  
She a problem... she a problem

Money money money rules, money get me out of all the rules, keep my head up never stress, I fuck it up and they clean the mess  
I'm a problem...
