

I'm tatted up from head to toe
I drip like Noah's ark
I'm coming fast like Instacart all on his chrome heart

She making fat cash
Off her fat ass
For a living

I'm a punk star
Tweakin' on the boulevard
She on the block
Sunset
With the shooting stars
Benzos or amphetamines
Big body
BigKlit
Nah this ain't no limousine
Try to see your light but all you just blend into me
Slit tongue
Slit alphadracogenity
(Let's Go)

I hit the spliff and let it blow
Fuck all my ops
Can't let it go
Eye for an eye that's how I roll
Bitch
