

I took my morning shit on a jet
And smoke all the rest
Just like a xan Klit got a press
What is that smell get a test
Kicking these birds up out of my nest
Don't wanna fuck
Don't wanna have sex
Bitch where is that bread
Pay me that rent, pay me that rent
Or bitches get bent
Bitch, are you bent?
Bitch, I don't bend

I don't like to talk
I get what I want
Whoever I want, wherever I go
Klit got a Glock, Imma shoot the hoe low

I took my morning shit on a jet
And smoke all the rest
Just like a xan Klit got a press
What is that smell get a test
Kicking these birds up out of my nest
Don't wanna fuck
Don't wanna have sex
Bitch where is that bread
Pay me that rent, pay me that rent
Or bitches get bent
Bitch, are you bent?
Bitch, I don't bend

I throw hands
Can't cancel me can't get banned
Rebel 'til I die, fuck all your prayers
Anti-pop, fuck life, who cares
Why so fucking serious?

I took my morning shit on a jet
And smoke all the rest
Just like a xan Klit got a press
What is that smell get a test
Kicking these birds up out of my nest
Don't wanna fuck
Don't wanna have sex
Bitch where is that bread
Pay me that rent, pay me that rent
Or bitches get bent
Bitch, are you bent?
Bitch, I don't bend

I throw hands
And if I can't bitch Imma take your mans
Have him put me in a fucking handstand
Have him put me in a fucking handstand
