BigKlit

Last time
I'ma fuck you for the last time
Cause you been giving bad vibes
I'ma fuck you for the last time
(I'ma fuck you for the last time)

Show me who
You are inside
I set you free
Bitch go and fly
Call up your crew
Hop in a ride
I bought those boots
Just take a hike

Tears in my eyes
I could paint the skies
Like it's watercolor
But black and white
I could wait till it dries
Or throw on a disguise
But you were my lover
Every day, every night

This bitch is a gypsy
Tequila, rum, we getting tipsy
Blackout bitches pissy drunk
You can't hang, hoe, you a sissy
You fuck with everybody
OP, bitch, duddy, duddy
Kill, destroy
R.I.P your buddy buddy

Last time
I'ma fuck you for the last time
Cause you been giving bad vibes
I'ma fuck you for the last time

Last time
I'ma fuck you for the last time
Cause you been giving bad vibes
I'ma fuck you for the last time
(I'ma fuck you for the last time)

Show me who
You are inside
I set you free
Bitch go and fly
Call up your crew
Hop in a ride
I bought those boots
