

Leather Face

BigKlit

Skin your face, skin your face
I'll skin your face like leather face
If you comin' for my place
You and I, we don't equate
Not the same
Drop your body off at the interstate
And fuck love, I'd rather hate
And fuck God and the Golden Gates
I had to save myself
I had to change my fate
The world's mine now
It was worth the wait
I know your every move before you niggas make it
You ain't got no tool
Lil' bitch you fakin'
Acting like you cool
I'ma cut you like them Haitians
And then Jamaicans
Hush little baby, don't you cry, don't you cry
Hush little baby, don't you cry, die
This your lullaby
Walking down the street and I saw you
Yeah, and I creeped you out
But I still followed you to your bedroom
Now, I'm eating you out
There's blood everywhere
There's blood everywhere
There's blood everywhere
Two days sleep deprived
Make a bitch homicide
Follow the X's, X marks the spot
I found the treasure
