BigKlit

Lil mama, what you cryin' bout  
Lil bad bitch, what you sad about  
Got me aroused  
I can't figure out what she about  
I might figure out  
Go figure, go figure, go figure  
You are a child, I'm your babysitter  
She hiding her feelings like a VPN  
I'm hacking her system

What you cryin' bout, lil mama, what you cryin' bout  
Got me aroused  
I can't figure out what she about  
I might figure out  
I might figure out  
I might figure out  
Got me aroused

Lil mama, what you cryin' bout  
Lil bad bitch, what you sad about  
You know you the shit

Got me aroused  
I can't figure out what she about  
I might figure out  
I might figure out
